ConjuGon® to Present at BIO 2007

FOR IMMEDIATE RELEASE

May 2, 2007 Madison, WI—ConjuGon® announces today that it was selected to present at the Business Forum at BIO 2007. BIO, the world's largest biotechnology convention, will be held May 6-9, 2007 in Boston. BIO 2007 will feature biotechnology and pharmaceutical companies working to develop therapies for some of the world's most devastating diseases and illnesses.

“We are excited to once again present at BIO. It is the premier biotechnology conference,” said ConjuGon's COO Sal Braico. “We look forward to updating the biotechnology and pharmaceutical community about our therapeutic pipeline.”

ConjuGon is developing fundamentally new technologies to combat the growing epidemic of antibiotic-resistant bacteria. Antibiotic resistance is a medical crisis, globally responsible for hundreds of thousands of deaths each year. The company is located in the University Research Park in Madison.
